[help](#)

But don't show pages that have...

any of these unwanted words:

[help](#)

Advanced Search Made Easy

You can do a lot more with Google search than just typing in search terms. With Advanced Search, you can search only for pages that...

- contain ALL the search terms you type in
- contain the exact phrase you type in
- contain at least one of the words you type in
- eliminate returns that contain unwanted words

Advanced Search

Fluids | Mileage | Timed | Indicator

Show Worksheet

SEARCH

Intervals | Search Results

Please Select

NORMAL

SEVERE

All Mileages (Kilometers)

- 5,000 (8,000) SEVERE
- 10,000 (16,000) SEVERE
- 15,000 (24,000) SEVERE
- 20,000 (32,000) SEVERE
- 25,000 (40,000) SEVERE
- 30,000 (48,000) SEVERE
- 35,000 (56,000) SEVERE
- 40,000 (64,000) SEVERE
- 45,000 (72,000) SEVERE

We've rearranged the Fluids, Service selectors

"Normal", "Severe" service selectors have been moved

There will also be some modifications to the maintenance portion of the product.

We have relocated the fluids link, replaced the 2nd level tabs for Normal and Severe services and created a persistent connection between checked maintenance items and the worksheet so that we could accommodate services that were not linked to time or mileage.

Release Notes for v2.1 and v2.2

1. *Welcome we are pleased to present the latest evolutions to OnDemand.*
 - *V2.1 and 2.2 introduce refinements to search and introduce the beginnings of overall improvements to the Maintenance portions of our product.*
2. *Versions 2.1 and 2.2 should release on December 17th and they will include an advanced search button, that button will take you to the advanced search options page.*
3. *Advanced Search Made Easy*
 - *You can do a lot more with Google search than just typing in search terms. With Advanced Search, you can search only for pages that:*
 - *contain ALL the search terms you type in*
 - *contain the exact phrase you type*
 - *contain at least one of the words you type in*
 - *eliminate returns that contain unwanted words*

4. *“Exact Wording or Phrase”*
 - *Will toggle off the relational search tool and the built in thesaurus and return results **only** for the exact words typed into the query box*
5. *One or More of These Words*
 - *You do this in standard search by typing OR between your alternate words.*
6. *Don't Show Any of These Unwanted Words*
 - *You can do this in standard search by adding a – (minus sign) to the beginning of the word you don't want.*
7. *As well fixed within the search tool is the wiring diagram Hi-Liting.*
8. *Search for Injector for example and if that term exists within a wiring diagram the search tool will find which diagram contains the term and will highlight the Figure.*
9. *Open the figure, click the find icon in the SVG viewer and find the term.*

10. There will also be some modifications to the maintenance portion of the product.

We have relocated the fluids link, replaced the 2nd level tabs for Normal and Severe services and created a persistent connection between checked maintenance items and the worksheet so that we could accommodate services that were not linked to time or mileage.
